

CONTROVERSY IN TUSTIN DISTRICT WARM

Committee Makes Statement
of Grievances Against the
School Board

TRUSTEES TO WAIT
TILL TERM IS CLOSED

Then Will Set Time and Place
for Meeting With the
Committee

The indications are that the controversy in the Tustin school district over the decision of the school board that it is advisable to make a change in the principalship is a long way from being settled. A committee of a meeting of citizens held last Saturday night has been circulating a petition asking that Principal J. C. McGee be retained. The Register here-with publishes a statement from that committee, outlining the position of the committee and those who organized the committee.

The meeting of citizens at Tustin Saturday evening was attended by County School Superintendent Mitchell. The county superintendent is at San Juan Capistrano today visiting the schools there and could not be reached to get a statement in regard to the controversy.

The position taken by the school board in a statement read at the Saturday meeting is that it will not take up the matter of the controversy until after the schools close, which is next Tuesday, it evidently being the idea of the board that to go further into the reasons, etc., for its action, would interfere with the school work. After the schools close and the petition now being circulated asking Principal McGee's reinstatement is presented to the board—it has not yet been presented—that the board will make its reply. That reply will be given at a time and place set for a meeting with the committee appointed last Saturday night. The board will consider the petition respectfully.

So much for the position of the board.

The present board of trustees of the Tustin school district is composed of James S. Rice, chairman, E. M. Nealey and L. L. Marchant. Mr. Rice's term ends July 1. At the last school election Charles Severance was elected trustee. His term begins July 1. Mr. Severance is said to be a McGee man. The friends of the principal hope that when the time for the election of a new principal arrives, which under the law is after July 1, Mr. Severance and Mr. Marchant will vote to reinstate Principal McGee.

The statement of the committee follows:

Tustin, Cal., June 1, 1910.

We, the undersigned committee, representing between 85 and 90 per cent of the patrons and taxpayers of the Tustin public school district, beg leave, through your valuable paper, to make reply to Mr. James Rice, who, in the columns of last night's issues of the Blade and Register, so vociferously espoused his own cause in the school controversy, which he, according to his own signed admission, guided the board in starting some three weeks ago.

WALNUT TREES AND NUTS ARE IN FIRST CLASS CONDITION

A. C. Tiede, secretary of the Santa Ana Valley Walnut Growers Association, believes that this valley will have a better crop, or at least as good, as last year. On Monday of this week Mr. Tiede drove through the Anaheim and Olive districts. He is thoroughly familiar with the local districts, Santa Ana, Orange and Tustin. He said:

"Walnuts are in good condition. The trees are in first class shape and the nuts are in very good condition. Blight has done practically no harm this year."

"Last year the trees were more heavily loaded at the beginning of the growing season than they were this

LA FOLLETTE SAYS MILLIONS SAVED

Bue Senate Defeated Physical
Valuation of Railroads
Amendment

WASHINGTON, June 1.—The senate today rejected Senator La Follette's amendments to the railroad regulation bill providing for the physical valuation of railroads. The vote was twenty-five to thirty.

Senator Elkins, single handedly debated against the amendment, being opposed by the insurgents and Democrats. La Follette spoke in favor of the amendment and declared that the physical valuation of railroads in Wisconsin had already saved the state millions of dollars.

SHORT \$50,000—SHOT HIMSELF IN THE HEAD

KANSAS CITY, June 1.—Short \$50,000 in his accounts, E. S. Crohn, ex-public administrator today shot himself in the head, inflicting a fatal wound. Crohn yesterday confessed to the attorneys for the Huntman estate that his accounts were short.

AVIATOR FIRED ON BY ASSAILANT ON GROUND

JOPLIN, Mo., June 1.—Dodging rifle bullets in cloudland was the harrowing experience of Charles Willard, the aviator who sailed in a Curtiss biplane from the Joplin aviation field this afternoon, and who was forced to settle to earth two miles from the starting point after one of the missiles had splintered his propeller, cut a hole through the plane and broken one of the aeroplane ribs.

Willard was several hundred feet above the ground when he saw a lone man near a mine dump leveling a rifle at the aeroplane. Half a dozen shots were fired and there was a crash as the propeller was splintered. No trace of Willard's assailant could be found.

JUSTICE, THOU ART INDEED VERY BLIND

PARIS, June 1.—Henri de Lorme, a Paris banker, who moved in the best society and who swindled clients to the amount of \$1,000,000, was sentenced yesterday to three years' imprisonment.

Henri Fournier, who stole a pint of cognac, received a similar sentence.

SENATE MAY PROBE CASE OF LORIMER

Senator Presents Resolution to
That Effect—Brown Pleads
Not Guilty

WASHINGTON, June 1.—The resolution presented by Senator Lorimer asking the Senate to investigate the charges of bribery in connection with his election, was today referred to the committee on privileges and elections, at the request of Chairman Keane of the committee on contingent expense. Chairman Burrows of this committee is said to favor a complete investigation, which is now deemed likely.

Motion to Quash Overruled

CHICAGO, June 1.—Judge McCuskey today overruled the motion of the defense to quash the indictment charging Lee, O'Neill and Brown with bribery in connection with the election of Senator Lorimer, and ordered Brown's trial to proceed. The motion to quash has been under advisement since the case was called on May 23.

Brown was charged with paying Charles A. White money to vote for Lorimer. Brown pleaded not guilty, and his case was then set for June 6.

ROOSEVELT'S TALK SET ENGLAND BY THE EARS--- PAPERS SCORE COLONEL

Speechmaker In Jovial Mood—Reads
Comments Without Turning a
Hair of His Head

LONDON, June 1.—Apparently unaffected by his unpopularity as shown by the newspapers and general comment, Colonel Roosevelt was in jovial mood today. He spent an hour reading the criticisms and editorial comment on his speech concerning British-Egyptian rule.

He was the guest of honor at a luncheon given by the Irish members of parliament, at which John Redmond presided.

The press is dumbfounded by Roosevelt's utterances yesterday criticising the Egyptian policy. The Evening Star says:

"Roosevelt is guilty of a grave offense against the laws binding host and guest."

The Manchester Guardian calls Colonel Roosevelt's views "muddled and boorish."

The Standard calls his speech "a social crime little short of sacrilege." The Times warns him that "he must not be surprised should unpleasant manifestations occur due to sensitiveness resulting from his criticisms."

The News contemptuously denies the Colonel's charges, while the Leader calls him "the greatest modern sentimentalist."

All the papers unite in Roosevelt's arraignment for having, after receiving the highest honors in the power of the city to bestow, violated the proprieties. The average citizens are frankly angered. It is generally thought that Roosevelt approached subjects which were none of his business.

The Standard terms Roosevelt's speech as a "humiliating rebuke from an alien critic." The Telegraph describes it as "bitter medicine, brusque and blunt."

The Chronicle says "the speech was an outrage of every conventional canon of the national calendar." The Graphic says, "Even Socrates was poisoned for giving too much advice."

WASHINGTON, June 1.—It was announced today that an agreement concerning seal fisheries in the Northern Pacific and Behring Sea, will probably be settled early next winter at a conference of representatives of America, England, Russia and Japan.

Following a conference today of British Ambassador Bryce and Counselor Hoyt of the state department, it was reported there would be no trouble settling the matters for consideration.

NEWFOUNDLAND FISHERIES DISPUTE TO BE ARBITRATED

HAGUE, June 1.—The arbitration tribunal before which America and England will settle the Newfoundland fisheries controversy, will open at 4 o'clock this afternoon. Senator Elihu Root, heading the American commissioners, is expected to arrive here today.

The child's funeral was held yesterday afternoon.

Alma Kellner, who was the 3-year-old daughter of Fred L. Kellner, disappeared on Dec. 8, 1909. Neither woman nor time has been spared in search for her, an uncle, Fred Fehr, a millionaire brewer, being indefatigable in the search. Mrs. Joseph Wedding, wife of the janitor of St. John's, has been arrested, and Wedding is being looked for. He has been missing since January.

The charred right foot of Alma Kellner was found in the ashes near the furnace in the basement of St. John's parochial school, where the body was found Monday. Two women's handkerchiefs and the child's underclothes were hidden in various parts of the basement. A piece of her garter was found in the belfry. The child's body was badly burned by quicklime when found. The police have learned that about the time of her disappearance a local establishment and ordered it delivered at St. John's church. They are working on this clew.

Mitchell's Ice Cream and Cornucopia wagon is now running. Listen for the bells.

MUST TURN OFF WATER WHEN THE FIRE BELL RINGS

Trustee Thompson asks the Register again to call attention to the ordinance requiring everybody in the city to turn off the water, if it be running, when the fire bell rings.

Mr. Thompson says people do not obey this very important and necessary law, and that some of these days this disobedience, if persisted in will cost this city dearly. The pressure is not sufficient to throw water on our highest buildings when numerous lawn sprinklers are going.

POT OF BEANS USED AS DEADLY WEAPON

Crazy Polish Jew Threw Boston's Favorite at Germany's Crown Prince

BERLIN, June 1.—While Crown Prince Frederick William was leading the grenadiers in a review today, Abraham Elreweiss, a Polish Jew, hurled a heavy missile at him. Believing a bomb had been thrown, the guards ran down the assailant. The missile struck and seriously wounded a policeman. It was found to be a metal pot filled with boiled beans. The pot narrowly missed the King of Belgium, who accompanied the Prince. Elreweiss was seized. He is insane. The mob threatened to lynch him.

SEISMOGRAPH RECORDS QUAKE LASTING AN HOUR

CLEVELAND, June 1.—An earthquake lasting from 1 this morning to 2:30 was recorded by the seismograph at St. Ignace College. Astronomer Father Odenbach stated his belief that the tremor centered in or near Japan.

SANTA ROSA FACTORIES BURN—LOSS IS \$200,000

SANTA ROSA, June 1.—The big Santa Rosa Tanning Company's tannery, the Santa Rosa Shoe Manufacturing Company's factory, the residence of John Brennan and Mrs. Straub, and a number of outhouses were wiped out by fire last night. The damage exceeds \$200,000.

CALIFORNIA EDITOR DIES SUDDENLY IN EAST

NEW YORK, June 1.—Sutherland F. Sutherland, who has been foreign editor of the New York Sun for the last eight years, died suddenly yesterday afternoon in his apartments at 1695 Broadway.

Mr. Sutherland was 57 years old. For eighteen years he has been a resident in San Francisco before coming to New York. He was one of the best known newspaper men on the Pacific Coast. He leaves a widow, Mrs. Greta Sutherland, formerly president of the California Club.

MINERS STRIKE LIKELY TO BE LONG AND BITTER

CHICAGO, June 1.—That the strike of Illinois miners is likely to be long and bitter developed today when the Illinois Operators' Association asked the representatives of all railroads buying coal in this state to look out for themselves in purchasing coal during the struggle.

SNOWFALL WAS GENERAL THROUGHOUT MICHIGAN

DETROIT, June 1.—Reports from up-state points indicate that the snowfall which started in Detroit on the last day of May, was general throughout Michigan. In Detroit it was light and though lasting almost an hour, melted almost as fast as it fell.

In Wexford county the snowfall was light, but the temperature was at the freezing point. That county had snow several inches deep early in June, 1904.

OUTBREAK IN CHINA EVIDENTLY FEARED

SHANGHAI, June 1.—Chinese warships with troops have been dispatched to Nankin in expectation of a native outbreak against foreigners. The foreigners have been warned. The Chinese soldiers now in Nankin will be replaced by the force from Shanghai, as they are not regarded as reliable in case of need.

FOUR BURIED CITIES IN CENTRAL AMERICA

BOSTON, June 1.—The Central American expedition of the Peabody Museum of Harvard University has just returned home and announced the discovery of four buried cities. The expedition, which was under Dr. Alfred M. Tozzer, assisted by R. E. Merwin, yielded many valuable relics of the period of the ancient Mayas. Dr. Tozzer said the trip was a success in every way.

WILD STAMPEDE ON FOR THE IDITAROD DIGGINGS

SEATTLE, June 1.—The rush to the Iditarod diggings in Alaska has changed to a stampede. Seattle shipping and jobbing circles have not been so stirred since the Klondike rush. Letters from conservative mining men say the strikes are phenomenal. Tales of sudden wealth are spreading like wild fire. All accommodations on steamers are engaged months ahead. It is estimated that 15,000 are going to the diggings in the next two months. The waterfront is crowded by gold-seekers trying to arrange for transportation.

RAILROADS ENJOINED--- GOVERNMENT ATTEMPTS TO CHECK RATE ADVANCE

Explosions Send
Many to Sudden
And Awful End

SALT LAKE CITY, June 1.—Seven Austrian, seven Italian and two Japanese laborers, and J. McGuire of Bingham, Utah, were killed today by an explosion at the Devil's Slide Cement Works in Weber Canyon.

Four hundred kegs of powder comprised a blast that was prematurely set off. The powder was half a mile distant from the plant, which was wrecked by the explosion.

Three Trainmen Killed
EDWARDSVILLE, Ill., June 1.—Three trainmen were killed by the explosion of a locomotive near here today, at the Troy and Eastern coal mine. The cause is undetermined.

LEMBERG WON GREAT DERBY

Race is Classic Turf Event of
World—Crowd Quiet Out of
Respect to King Edward

LONDON, June 1.—A Frieres "Lemberg," Jockey Dillon, won the English derby at Epsom Downs today. Viscount Villiers "Greenbacks," Jockey Templeton up, was second and J. Buchanan "Charles O'Mallory," Jockey Howard up was third. The race, which is for three year-olds, is the world's greatest turf classic and is worth \$35,000.

The odds against "Lemberg" were nine to four. King Edward's "Minoru" won last year. The great crowd was unusually silent today out of respect to King Edward. The vacant royal box was draped in mourning. Lemberg's time was 2 min., 34 1/2 sec., and is a new record. He was posted at odds of seven to four.

WED ERDER WHITE DR. DOXEY'S WIFE

Mrs. Doxey Admits Fact—Will
Take Stand to Defend Her-
self on Murder Charge

ST. LOUIS, June 1.—The state will close its case before tonight in the trial of Mrs. Dora Doxey, accused of the murder of William J. Erder, whom she admitted marrying while the wife of Dr. Loren Doxey.

Dr. W. W. Kennedy of Washington University, who examined Erder's body, was a witness for the prosecution today. He testified concerning the condition of Erder's stomach. Mrs. Doxey is alleged to have poisoned Erder. Mrs. Doxey will take the stand in her own defense.

TRUST DEED GIVEN ON RANCH PURCHASE

Sum of \$150,000 to be Paid in
Installments for La
Habra Ranch

A trust deed to cover \$150,000 was placed on record in this county yesterday. The deed is from John Scott to the Los Angeles Trust & Savings Bank, with W. J. Hole, the well known La Habra Valley land operator, as the third party. This trust deed follows the sale of Hole's 160 acre ranch to Scott, an East Whittier rancher. The \$150,000 is payable in installments up to Aug. 1, 1920. A deed to the property from Hole to Scott was recorded yesterday.

WALL STREET THROWN IN TO NEAR PANIC BY SUIT

Railroad Stocks Slump—Call
Declares That Rate Fixers
Should Go to Jail

WASHINGTON, June 1.—Declaring that he is sanguine of winning the suit for a permanent injunction restraining the Western Traffic Association from increasing freight rates, Attorney General Wickham today issued a statement in which he said the proposed increases are "subversive to public interests."

He stated that he has been planning since last Friday to file the suit which is now being considered by Judge David P. Dyer at Hannibal, Mo. Last Sunday he sent Assistant Attorney General Grosvenor to Missouri to start the suit, which was filed yesterday, and in the process of which Judge Dyer last night at 6:30 issued a temporary injunction restraining twenty-three Western Railroads from enforcing, effecting or making a general advance in interstate freight rates.

GOVERNMENT FILES "HURRY-UP" CERTIFICATE

ST. LOUIS, June 1.—The government today filed an "expediting certificate" in the Federal court, asking that the issues in the suit to restrain the Western railroads from increasing their freight rates be given precedence of all other cases on the court calendar. This is the last action that will be taken by the government until the July term begins, according to Special Agent Johnson of the Department of Justice.

NEAR PANIC HITS WALL STREET FOLLOWING SUIT

NEW YORK, June 1.—The government's suit against twenty-five Western railroads, in the traffic association caused a near panic on the stock exchange today. Wall street, startled yesterday by the onslaught on the railroads, was visibly affected. The market opened weak and issued off from three to six points. Railroad stocks were particularly noticeable in the slumps.

RATE FIXERS SHOULD BE SENT TO JAIL, SAYS CALL

LOS ANGELES, June 1.—The American railroads collected \$165 annual tribute from every family in the country was the declaration of Joseph H. Call, ex-United States prosecuting attorney of the Los Angeles district, while discussing the proposed increase in rates of twenty-five western railroads, scheduled to go into effect today. He said the non-enforcement of the Sherman anti-trust law is responsible for present conditions, and that it is within the power of the government to annul the proposed advances. He advocated throwing rate fixers in jail as an example.

"Acts to regulate Interstate Commerce," Mr. Call said, "generally have been passed to extend the franchises and power of railroads and not for the purpose of regulating or reducing transportation charges. The government could end the proposed advance which had its origin in a combination of common carriers. The government has the power to prosecute the criminals, the persons putting the increased tariffs into effect. If the government should make an example of thirty or forty of these alleged rate makers by sending them to the penitentiary we would have less fault to find with future rate making."

SANTA FE INCREASES WAGES OF THOUSANDS

CHICAGO, June 1.—The Santa Fe railroad today announced an increase in wages of ten per cent to all employees now receiving less than \$80 monthly. The increase will benefit thousands of working men.

WASHINGTON, June 1.—All factions in the Senate today agreed to remain in session until after the final vote of the railroad regulation bill.

Peary's Proofs Positive in HAMPTON'S MAGAZINE Exclusively

PEARY'S Proofs Positive of his Discovery of the North Pole commence in HAMPTON'S MAGAZINE for June.

It is the most important Geographical World Discovery of the century.

As Commander Peary tells this story—in HAMPTON'S MAGAZINE exclusively—it is one of the most thrilling and convincing narratives ever written.

His account of his journeyings over the moving ice floes

and across the open waters of the Polar Sea awes and fascinates.

No one who reads the Peary Proofs published in HAMPTON'S MAGAZINE, can doubt for a single moment that he actually did reach the North Pole—is its "Discoverer"—and its only "Discoverer"—because he now tells, for the first time, how no man, not similarly equipped, could possibly have reached the Pole alive and returned to tell the tale.

Why You Should Own This Story

YOU should get—and keep—Commander Peary's proofs of his Discovery of the North Pole, published in "HAMPTON'S," because the time will soon come when this story will be recognized as of the most vital interest to every patriotic American.

No scholar's library will be complete without the Peary story. Get it—just as it has been written by Commander Peary—just as it is being published originally in HAMPTON'S MAGAZINE only.

The best way to make sure of the Peary Proofs is to subscribe for HAMPTON'S MAGAZINE NOW. You can get the issues containing the Peary Proofs for only 50 cents.

A dollar bill will pay for two four-month subscriptions to "HAMPTON'S," or one subscription for eight months. The yearly subscription price to "HAMPTON'S" is \$1.50. Please send today. Address

On ditch O, crossing Greenleaf street, have taken up 48 feet of 18-inch pipe and relaid same with 24-inch, as the former size was too small to carry the water. At the end of this pipe I have put in two more outlets, one for Greenleaf and the other for Gruenewald.

On ditch N, have put in gate for S. J. Jackman; also gate for W. L. Salisbury.

Have cleaned the following ditches: Q, R, C, CCC, Z, U, M, T, H, V, I, P and B, south of creek.

Have had an iron outer form or jacket made to be used in making 30-inch pipe.

Have delivered steps on part of the ditches, and have put in the division gate for the season.

Have received and stored one carload of Standard cement.

All of which is respectfully submitted.

J. A. SMITH, Superintendent.

The treasurer's report was received and filed.

The finance committee's report approving bills as follows: Expense account \$2243.11, construction account \$982.81, was read and approved and the secretary instructed to draw warrants on the proper funds for the several amounts.

A petition for a pipe line west from ditch T was received from P. Monaghan et al and referred to the zanja committee.

A petition was received from G. Oliver et al to close gate 12, ditch T, and on motion granted.

A petition was received from G. Oliver to connect private pipe with company pipe, and on motion granted, subject to the pleasure of the board.

A petition was received from M. S. Flippin to close one outlet of his gate and same was granted at petitioner's expense subject to the approval of the company's superintendent.

A petition was received from H. O. Alsbach for a gate on the north side of ditch O and was referred to the zanja committee.

An application to transfer water sock was received from T. J. McCarter and referred to the litigation committee.

On motion the president and secretary were instructed to draw a warrant in favor of the Bank of Orange for \$3030.00 in payment of a note due April 1, 1909, and interest due to June 1, 1910.

The zanja committee's report was read and adopted and ordered filed as follows:

Zanja Committee's Report

Orange, Cal., May 29, 1910.

To the Board of Directors of the S. A. V. I. Co.

Gentlemen:—We recommend the petition of T. J. Alexander for ditch commencing at gate 3, ditch HH, be granted to the northeast corner of T. J. Alexander's land, petitioners to pay one-half of cost of pipe and cost of gates.

We ask for further time on petition of John F. Veeh.

Respectfully,

A. G. FINLEY,

F. ROHR,

Zanja Committee.

The superintendent was instructed to do the work as per the recommendations of said report and further time was granted on the petition of J. F. Veeh.

The litigation committee's report was read, adopted and ordered filed as follows:

THE NEW SPRING FEVER TREATMENT

Best Spring Treatment Costing But a Few Cents Produces Astonishing Results

Robinson Drugless Treatment Proves Revelation in Treatment of Many Diseases

One Robinson Thermal or Turkish Bath for those of weakened vitality will do more good in a half hour as a spring medicine than can be expected from any drug in the world.

Many startling results have been produced by the use of the Robinson Thermal Bath. It is revolutionizing the treatment of disease. Prominent physicians are abandoning drugs in many cases for this new treatment. Those who have tried them, are astonished at the change in their condition.

The intense exquisite feeling of happiness, strength and mental clearness which results are impossible to express in words.

Read this letter from Mr. Frank A. Thurston of New York and then judge for yourself.

I only regret that I have delayed this necessity and luxury so long. The cabinet is all you claim for it; a purifier and restorer to health. I use your cabinet with great satisfaction as it gives new life and vigor to the entire system. The feature of breathing pure air is a great advantage over the Turkish bath. Another feature is being able to take a bath in one's own home before retiring. I do not believe that any intelligent man or woman would live without the cabinet after giving it a thorough test.

Open up the pores and the change seems almost miraculous; nerves are strengthened at once, kidneys get well; eczema, pimples and skin diseases vanish; bad colds, lumbago, rheumatism, dyspepsia, throat and lung trouble, insomnia and constipation disappear as though some wonderful force had lifted them away.

Every man or woman can now have a Robinson Thermal Bath at home, at a cost of but a few cents, and without trouble.

The Robinson Thermal Bath Cabinets are now being exhibited, and are on sale in Santa Ana at the Rowley Drug Co. and in Tustin at Tustin Drug Store.

Ask the dealer also for that great book, "The Philosophy of Health and Beauty." The regular price is \$2.00, but you can get one free for a limited time.

Don't pass another day without seeing these cabinets. If you cannot go yourself, just send your name and address today to the ROBINSON MFG. CO., Suite 34, Snowflake Bldg., Toledo, Ohio, for full illustrated information free.

Cuts some ice when you get a refrigerator at wholesale as several did last week and five more can do this week. Only five left of our this year's stock. Three sizes only and every box a bargain. Come early or phone your order. Santa Ana Furniture Co., corner Fourth and Spurgeon.

Suit Against Mrs. Byron Oliver
Decided in Favor of Attorney E. S. Williams

Los Angeles Examiner: Though she raised the novel point that she had paid her second husband, the late Byron L. Oliver, to defend her in a lawsuit brought against the estate of her first husband, the late Lloyd Wheeler Ozmum, in whose will she was named as executrix, Mrs. Gertrude Ozmum Oliver will have to pay E. S. Williams \$400 for services she claimed she engaged her husband to perform. This is in accordance with a decision given by Judge Hutton yesterday.

Williams claimed that he was retained by Byron L. Oliver to represent Mrs. Oliver in an action brought by David Galbraith against her as executrix of Ozmum's estate.

The result of the action was favorable to Mrs. Oliver, saving her approximately \$5000. It was admitted in open court that the services were worth what Williams claimed and that though he won the case he had not been paid a cent for his services. Mrs. Oliver contended that she had never employed Williams. In answer Williams stated that Oliver, acting as her attorney, had engaged him.

SEASON OF 1910

Among the many prominent entries in the Atlanta-New York good roads reliability contest June 6-14 is the Reo Challenger "4-30" which is to be driven by R. M. Owen and is to act as scout for this classic run. This is the Reo that finished with a perfect road and mechanical score in the strenuous 1100-mile New York-Atlanta reliability contest last November and challenged all winners to a rigid physical examination. Since then it has been in daily use covering over 10,000 miles over all sorts of roads in all kinds of weather. At present it is competing for first honors in the 600-mile rugged All-Connecticut reliability contest against a big field of higher priced competitors. It is but natural that motordom is exhibiting keen interest in the outcome of the "Challenger's" latest sensational feat.

CENTURY RUN SOME SPEEDY

Local Motorcyclists Sunday
Hit High Places Only to
San Diego

The century run of the Santa Ana Motorcycle Club to be held between Santa Ana and San Diego became a reality as the second hand came to 5 o'clock Sunday morning, when No. 1 came to the tape. As the time was given for the start, Frank Musselman, who was No. 1, took a leap at his flying Indian, and the reports of his large motor were soon coming in rapid succession and could be heard for many blocks. Before the crowd had fully realized that the race had begun he was out of sight and hearing, and every two minutes a machine was started on its way. People along the way did not have to ask to find out that there was a motorcycle race headed toward San Diego. Frank, on his 7-horse power Indian, was making terrific speed until within a few miles of San Juan Capistrano, when sparking trouble started in. He was followed out of Santa Ana by Ben Wallenberg, Roy Spangler, R. M. Brinkerhoff, Raymond Freeman, W. A. Omohundro, Joe Gill, Dave Dunn, H. M. Stanfield, Eugene Peckham.

Another man who was out for blood was Joe Gill, who passed every machine into San Juan Capistrano, overtaking the Indian, who was just ready to begin his time annihilating trip. As Musselman was ready to start he heard the buzz of Dave Dunn on his twin Thor. It began to look like a race between the two twins and the roadway a race course. Musselman went by a bunch of horses on the road so fast that they didn't have time to frighten until he was by, which made going perilous for Dave Dunn, who ran into one of them, but alighting on his wheels, kept on going.

Dave Dunn "met his grief" one mile from San Juan Capistrano with a frozen connecting rod. Musselman was due to catch the 4-horse Thor ridden by Gill. However, three miles further on he was stopped by a broken valve. This put the two twins out of the race and Musselman and Dunn went to San Diego on the train. Joe Gill with his 4-horse Thor was making the best of his circumstances and making a pretty hard race, his machine pulling into Ocean-side away ahead of schedule, and being unable to get oil and gas, tried to make it without taking on fuel, and was stopped about seven miles from San Diego for want of oil and gas, and had to let the other machines take the lead, which he had kept from San Juan Capistrano.

In order to make a perfect score the machines were required to make the trip in six hours and a half or better.

The perfect score riders, with their elapsed time, follows:

Mr. Brinkerhoff, 4 hours and 19 minutes; H. M. Stanfield, 5 hours and 5 minutes; Ray Freeman, 5 hours and 28 minutes; Roy Spangler, 5 hours and 46 minutes; Joe Gill, 5 hours and 52 minutes.

Mr. Brinkerhoff won the perfect score on his Excelsior last year from

COMMENCEMENT AT YOUNGEST COLLEGE

Redlands University Will Have
Its First Graduating
Class Next Week

REDLANDS, June 1.—Next week is to be commencement week at the University of Redlands, the youngest of the Southern California colleges, and diplomas will be given to three graduates, John W. Jones, Ralph Rice and Miss Lois Field. Dr. George L. Melton, the dean, announces that Dr. George D. Burlingame, pastor of the First Baptist church of San Francisco, will deliver the address at the administration building Thursday morning, June 12. Next Sunday the baccalaureate sermon will be preached by President J. N. Field and in the afternoon a vesper service will be held, at which Rev. A. M. Petty of Los Angeles, will make an address. These meetings will be at the First Baptist church. Monday afternoon the first "Zanja Pest," a lawn festival that will always be a part of the commencement week festivities, will be held on the campus after noon and evening. Wednesday morning class day exercises will be held in the administration building assembly room, and in the evening President and Mrs. Field will give a reception at their home on West Olive avenue.

Better pick out your rocker early this week, for the big sale prices will make your stock very low before many days. Every one says "wish we had come earlier for the bargains are real." Big sale prices all this week, and all goods held till you want them. You will save at the Santa Ana Furniture Co., corner Fourth and Spurgeon.

Bazaar

—The Women's Guild of the Church of Messiah will hold a bazaar on Wednesday, June 1st at G. A. R. Hall. On one day articles suitable for the following days will be displayed and sold: Washing, ironing, mending, reception, sweeping and baking. Also ice cream and cake will be served. A fish tub for the children. Everybody is cordially invited to visit the bazaar.

PROHIBITION PARTY'S COLUMN

COPY FURNISHED AND EDITED BY AMOS WRIGHT OF PLACENTIA

OUR MOTTO—"Righteousness exalteth a nation, but sin is a reproach to any people."—Prov. 14:34.
OUR OBJECT—The Complete Annihilation of the liquor traffic.

She is launched on the wave, the good ship Prohibition; The wave of humanity, boundless and free; Around her staunch gunwales, in fierce ebullition, The mad waves foam as she heads out to sea; White her snowy sails, fresh breezes fanning her; Straight lies her pathway, strong sinews manning her; Safe shall her voyage be, cool courage planning her, God and humanity our watchword shall be.

—Lide Merriwether.

Some folks say that the Prohibition party is dead. Well, that is just because they want it to die. Read the news that is coming all along the line, from Maine to California, and you will know there never was a time we were more alive than just now.

Notice

There will be a Mass Convention of the Orange County Prohibitionists in G. A. R. Hall, Santa Ana, Calif., on Saturday, June 4th, at 10 a. m., 1:30 p. m. and 7:30 p. m. for the purpose of considering the names to be proposed as candidates for state and county offices to be nominated at the August primaries, also to plan for the coming campaign and for the discussion of any other business which may be necessary.

All W. C. T. U. and other temperance workers who can do so are most cordially invited to be with us. Our state chairman, Mr. James H. Woerster, and other good speakers will be with us and we expect a good program.

Orange County Prohibition Cen-

tral Committee.
AMOS WRIGHT, Chairman, Fullerton, Calif.
EDWARD CHAFFEE, Secretary, Garden Grove, Cal.
And Moses said to Hobab, come ye thou with us and we will do thee good. (Bible). So come, friends, and see and hear and get acquainted with the Prohibition cranks. This invitation is for YOU.

California "Doing Things"

To California Prohibitionists:—The state committee is at this time arranging for the greatest campaign ever put up by the Prohibition party of this state. We want a thoroughly up-to-date state ticket, composed of nominees fully capable of representing the great issues in this state—men who will throw themselves into a campaign to win.

We want to make an automobile campaign, with our nominee for governor, covering from four to eight towns each day (except Sunday), speaking in the open air, at meetings that have been thoroughly advertised. Thousands of pages of literature will be freely distributed. In each congressional district the candidate for congress will be expected to travel in the automobile with the governor's party and take part in the program.

We also want two good singers to accompany the party from start to finish, and for six or seven weeks "something will be doing" in the Prohibition camp.

Our plan will be to hire a seven passenger car, and the man to run it, during the entire trip north of the Tehachappls, and coming to Southern California, another car and man to run it. It is our plan to make this the greatest event ever carried through by our party in this state. This will cost money, and this is just why I am laying the matter so carefully before the readers of this paper. We want \$5000 cash on hand—or in good pledges to be paid on demand, by September 10, to insure the full suc-

cess of the great undertaking, before the campaign is opened.

We must put up a fight this year. The outlook is bright for a tremendous vote. As to who will be the nominee for governor, we don't know. It is up to the state committee to plan for a "red hot" campaign. Will you help with the cost of this great campaign fight? Let us have \$5000 by September 10 and to encourage us in the planning, and inspire others to aid us, will you write us now, today, sending us your check or promise for an amount, to be used for the special campaign. Let us all pull together for the greatest vote ever polled by our party in this state.

JAMES H. WOERSTER, State Chairman, Los Angeles, Cal., May 7.

The Slave Trade and the Voter

The voter who reads, and reads with blood boiling, as the blood of every honest man must, the shameful story of the exposure of the traffic in girls in New York, must not allow his indignation to run away with his reasoning faculties.

Awful as the story is, we invite attention, not to its horrors—the horror of herds of little girls sold at a per head price below the value of pigs—but to the practical question of responsibility and cure.

Why does this infamy exist in New York?

How can it exist?

Who is responsible?

The answer all comes to one point—the government that rules New York.

The black and white wretches who were the immediate agents of the sale are hardly worth considering. They are mere incidents. Practically it is a waste of time even to prosecute them.

The trail of the real criminals leads into the police headquarters, leads up the steps of the city hall, goes across the threshold of the mayor's private office, enters the homes of Christian citizens and lies broad through the doors of the church.

For this infamy of the sale of innocent girls for vice and the whole wider, deeper, fouler vice system is a part of governmental policy, not in New York alone, but all over the country, under Republican and Democratic administration.

The very district attorney's office that exposes this particular instance of the crime is one of the strong pillars of the system of which the crime is only an outcropping.

Even now there is not a voice lifted in official New York in favor of doing the one thing that alone can stop the sale of girls, the one thing that the law clearly prescribes in the matter—wiping out the vice system, stopping the whole system of trade in vice. The fact needs to be burned deeply into the hearts of American voters: IF YOU WANT THIS THING TO GO ON, IF YOU WANT LITTLE GIRLS STILL TO BE BOUGHT AND SOLD LIKE PIGS, IF YOU WANT PURE YOUNG LIVES TO BE WHELMED IN FATHOMLESS SHAME, ALL YOU NEED TO DO TO HELP KEEP UP THE

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John E. Fyfe, one of the Editorial Staff of The Eclectic Medical Review says of Uniform root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system. It continues in Helonias we have a medicinal which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Uniform root). Pain or aching in the back, with leucorrhoea; irregularity of menses; depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive organs; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an atonic condition of the reproductive organs; and a general (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Uniform root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general debility, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above-named ingredients and cures the diseases for which they are recommended.

CROP IS GOOD SAYS VISITOR

Melons in Imperial Valley Will Not be a Failure, and the Ranchers Are Pleased Over Experiments in Cotton

Thos. G. Wright, a pioneer of the Imperial Valley, living near Calexico, was interviewed by a Register representative yesterday.

Mr. Wright in speaking of the conditions in his part of the country said: "Reports have been circulated in Los Angeles and other portions of the southern country that the melon crop will, owing to scarcity of water, be a failure this year. This I want to emphatically deny. While the crop will not be as large as had been expected figuring on the basis of increased population and the number who have engaged in the melon raising industry within the past twelve months, the crop will exceed that of last year and the melons are in first class condition."

"The country is elated over the successful experiments in cotton growing and many farmers who have been confining their products to alfalfa and fruit are now preparing to plant cotton. The industry is certain to be a success and the prosperity of the wonderful valley will be assured when the farmers realize the large sums that can be realized from the growth of the Egyptian and other varieties of this staple."

—There is no hay press manufactured that is of so light draft as the New Century. At the time the baling demands the greatest pressure the horses have the advantage of a compound leverage. J. C. Williams & Son, Orange.

DONT PAY TWICE FOR THE SAME ROOF.

Iron, tin and most prepared roofings are really never paid for, because they need painting or coating every year or two. If you add to the cost of these roofings the cost of painting during the number of years in service, you will readily understand why

J-M ASBESTOS ROOFING—which needs no coating—is the "cheapest-per-year" Roofing. It will not rot or rust, is permanently durable and resists fire. No acids, chemical fumes, gases, heat or cold can affect it. Costs less than slate, iron or shingles. Can be applied by anyone. Ask for samples and prices.

PIANOS

In selecting a piano great care should be taken to select one that has quality of tone. Quality of material used, and durability of construction. Our pianos are the result of deep study, skilled workmen and first-class material. The tone is brilliant and limpid, with a sympathetic quality that adds much to its beauty. We buy direct from the factories, have no middlemen's profits, enabling us to make you a closer price than any house in Orange county, considering the quality of the pianos. Come in and look them over.

H. W. Cozad, the reliable piano tuner, has had eighteen years' experience in the factories, and can take care of your pianos right. Leave orders with

LOS ANGELES PRODUCE MARKET

Moving into the new market at Sixth and Alameda streets proved much more of a job than most of the houses expected and few of them had things running in smooth order yesterday. With business good and brisk and with part of the stores at the new place and part at the old, everyone seemed to be trying to be doing about half a dozen things at once.

The large amount of business transacted during the early part of the morning was a surprise. There were but few changes in the prices of fruits and vegetables, but the demand for most everything was heavy. Cantaloupes are beginning to arrive in carload lots and all that came in yesterday were quickly disposed of.

Tomatoes were very scarce with the demand very large. Many people with small orders were unable to get any at all while most of the large ones placed early in the morning were only partly filled. Prices were advanced several cents per crate.

There were but few apricots on the market. A carload is expected from near Bakersfield this morning and, as the market is in good condition, they should sell rapidly. Cherries came in in goodly quantities and a small decline was made in prices.

Total receipts in eggs reported since Saturday were 481 cases. The market was rather quiet, the most activity being in local case counts.

The butter market was firm, but inactive. California creamery firsts were offered at a little above the quoted price, but could not be sold at that price. Butter arrivals were 73,344 pounds.

Cheese receipts were 9972 pounds. The market was weak with but little demand. Imported Swiss and cream bricks were offered at a little under, but there were no calls.

Arrivals of potatoes were 407 sacks. Trading was very light. Onion receipts reported were 204 sacks.

Fish of all varieties were very scarce yesterday. Only three or four boxes of barracuda and halibut were shipped in yesterday and Monday and the supply was not near enough to meet the demand.

Notice of Sale of Bonds
—Notice is hereby given that the directors of Newbert Protection District, in the County of Orange, State of California, have declared their intention to sell, on June 7th, 1910, at 8 o'clock p. m., bonds of said Newbert Protection District in the amount of \$92,500.00, being 250 bonds of said district, for \$370.00 each, of series and numbers following:

First Series: Thirteen bonds, numbered 1 to 13, inclusive, payable January 1st, 1919.

Second Series: Fifteen bonds, numbered 26 to 40, inclusive, payable January 1st, 1920.

Third Series: Seventeen bonds, numbered 56 to 72, inclusive, payable January 1st, 1921.

Fourth Series: Twenty bonds, numbered 91 to 110, inclusive, payable January 1st, 1922.

Fifth Series: Twenty-three bonds, numbered 131 to 153, inclusive, payable January 1st, 1923.

Sixth Series: Twenty-five bonds, numbered 176 to 200, inclusive, payable January 1st, 1924.

Seventh Series: Twenty-seven bonds, numbered 226 to 252, inclusive, payable January 1st, 1925.

Eighth Series: Thirty-three bonds, numbered 281 to 313, inclusive, payable January 1st, 1926.

Ninth Series: Thirty-seven bonds, numbered 346 to 382, inclusive, payable January 1st, 1927.

Tenth Series: Forty bonds, numbered 421 to 460, inclusive, payable January 1st, 1928.

All of which bonds were ordered issued by said board of directors at a meeting held by them September 3rd, 1907, in accordance with an election held in said district on the 24th day of August, 1907.

Said bonds are dated October 1st, 1907, and draw interest at the rate of six per cent per annum, payable semi-annually, on the 1st day of January and 1st day of July of each year. The principal and interest of said bonds are payable in gold coin of the United States, at the office of the County Treasurer of Orange county, at the Court House, in the City of Santa Ana,

Adds Commercial Department

The oldest and the newest is the claim of the Orange County Savings Bank—oldest savings bank in the county and newest commercial bank—having just added its commercial department.

An interesting fact was brought out in the re-lettering of the windows—that is, that part of the old sign, the word bank, was put on the window 23 years ago by the First National Bank, which then occupied the room, which has been used for banking purposes continuously all that time.

The Orange County Savings Bank is one of the safest, soundest, strongest banks of its class in Southern

California, and has always been distinguished for its conservative management. The officers and directors are: Carey R. Smith, president; C. E. French, vice-president; C. E. Lamme, vice-president; F. W. Winslow, cashier; H. R. Andre, assistant cashier; J. W. Towner, C. Andre.

With its increased facilities and new and broader policy, the Orange County Savings & Commercial Bank confidently expects increased business and enlarged usefulness.

INCIPIENT FIRE IN G. A. R. HALL DID DAMAGE OF \$100

A fire started yesterday evening in the banquet room of the G. A. R. Hall, evidently from a gas stove.

The blaze was first noticed by Ike Field's son and he gave the alarm. W. G. Gould of Wingood's Drug Store rushed up with water in a bucket and put the fire partially out.

The fire department was called and finished putting out the blaze.

Between \$75 and \$100 damage was done. The cupboard floor and the wall near by being damaged by the blaze.

The stove had evidently been left burning by some one and the defective gas hose was ignited.

Litten Asks Judgment Against Partner Who Would Not be His Partner

Because Andrew Kich refused to be a partner of A. A. Litten after he had agreed to do so, Litten is suing Koch for \$854.85. Sheriff Lacy has attached lands near Yorba belonging to Koch. The complaint, filed by Attorneys Tipton & Callor of Anaheim, stated that the two men agreed to enter into partnership in the blacksmithing business, that the sum of \$1,109.69 was spent in getting the partnership business into shape. Of that amount spent, Litten sues Koch for half, his share, it being agreed that each man should stand for half the expense and should receive half the profits. Further Litten asks \$300

damages because Koch refused to go into business.

PRICES BADLY SHATTERED ON RUGS AND FURNITURE

—Last week was the heaviest selling ever experienced at the Santa Ana Furniture Co. The low prices did it. As the news passed about that the bargains were genuine, each day grew in volume, with Saturday the biggest day of all.

Profits were entirely wiped out and many articles were sold for less than it cost the manufacturers to make them. We have advertised a big furniture sale and are going to make it biggest ever.

It is neither pleasure nor profit to sell furniture at these ridiculously low prices but we could not help but catch the enthusiasm of our many customers who bought heavily and brought their friends to share in the splendid bargains.

This week will be a smasher. Going to beat all records, and prices will do it again. We are positively going to close out our present stock of stoves and ranges, part of our rugs, iron beds, tables and many other lines. Lace curtains at half price. If you can use a rug come in at once. More than half our rugs were sold last week, but the bargains will be just as great for the next few days. You cannot make a mistake at these prices and will find that you can always do better on all housefurnishings, better goods and lower prices at the Santa Ana Furniture Co., corner Fourth and Spurgeon.

CONTROVERSY IN THE TUSTIN DISTRICT WARM

(Continued from Page One)

as a useless expenditure of valuable space and energy. We prefer an open, fair conference, at which both sides may be represented, and beg leave to volunteer the guess that this same board of school trustees will gladly confer with this committee of citizens before this "little storm has blown over." We have taken up the matter in all soberness and second thought and solely in the interest of fair play, and want to make it plain to all concerned that the proposed investigation will go into more than Mr. McGee's case.

We regard the recent action of the board in virtually driving Mr. McGee from his life work as wholly unjustifiable, an act which means to us that such biased feelings as were exhibited in that act were not new to the board in their dealings with him, but were, on the contrary, characteristic of their dealings with him for some time. Further than this, the so-called "friction in the school" will necessitate an investigation into the case of the persons with whom this friction occurred. We wish to assure the board that we are a "legally constituted committee," authorized to inquire into the trouble fully and to report our findings to the people who are the real parties in interest.

To state a few points specifically, we beg leave to say that Mr. McGee had nothing whatever to do with the starting of our almost unanimously signed petition in his behalf, that he had nothing whatever to do with "stirring up the trouble," as Mr. Rice's choice phrasing has it, but that, on the contrary, that petition started with the people who seem to have a greater real interest in their school than have two of the members of the board, and who feel that fair play should be accorded all persons at all times and under all circumstances.

Next, Mr. McGee's letter to the state superintendent was a letter prompted by queries to the same effect here at home. It will do school officials good, who never visit the schools, but who know how they are running by a sort of infallible intuition, and who pronounce unreservedly in minutest detail on their conditions.

Further, to the demand of the patrons that Mr. McGee be retained, the board replies that when the people know what they want, they won't want Mr. McGee; that there is friction in the school among the teachers, and that Mr. McGee is the sole cause of it all; but they offer no evidence to substantiate their statements.

At a meeting of the patrons of the school, held last Saturday evening at the Bank Hall, to which the board and Mr. McGee were respectfully invited to be present, the petition was finally looked over and steps taken to get a solution of the matter. The board, however, were conspicuous by their absence. Mr. McGee was present and asked that any person who desired might question him concerning any phase of the situation. No questions were asked him. Instead of putting in an appearance, as we all thought they should do, the board was content to send a couple of typewritten statements. They were thus present by proxy, but to no avail.

We are emphatic in our statement that officials who will not meet the people face to face and defend their actions, but who seek to do so in a round about way, through the columns of the press, or by letter, when open conference is the handier, thus avoiding the searching questioning which they would certainly be put to, are certainly not to be taken seriously when they make their statements through the press. We shall so regard such statements, and have a right to so take them.

In closing this statement, which is ours and not Mr. McGee's, we wish to explain that one member of the board has all along shown a disposition to do the square thing by the people, and we wholly exonerate him from blame.

Respectfully yours,
A. L. COTANT,
GEO. W. LIGGETT,
U. C. HOLDERMAN,
GEO. B. PRATHER,
F. C. STEARNS,
